

Corporate event add-on options

Explore our engaging corporate programming options designed to spark creativity, foster team bonding, and inspire innovation through the wonders of science and technology.

Liquid Nitrogen Ice Cream Demonstrations (with samples)

Indulge in the coolest treat around! Watch as a creamy mixture transforms into ultra-smooth ice cream, flash-frozen with liquid nitrogen at a chilly -196°C . Enjoy the fun, swirling clouds while savoring a delectable sample!

Price: Starting at \$500 for 100 samples

Duration: 60-75 minutes

Hair-raising Electricity: Van de Graaff Experience

Step into the electrifying world of science with the iconic Van de Graaff Generator! Take turns feeling the current as it travels through you, making your hair stand on end, while your group enjoys watching each shocking reaction. Create electric chains with your colleagues for a truly hair-raising experience!

Price: Starting at \$250

Duration: 60-90 minutes

Vintage wheels: Old-fashioned bicycle demonstrations (up to 3 bikes)

Pedal your way through history with our old-fashioned bicycles! Try out one of the replica bicycles of yesteryear, like the sociable, a side-by-side tandem bike. Or, challenge your stamina on the Energy Bike – can you generate enough power to charge your phone?

Price: Pyro Starting at \$250

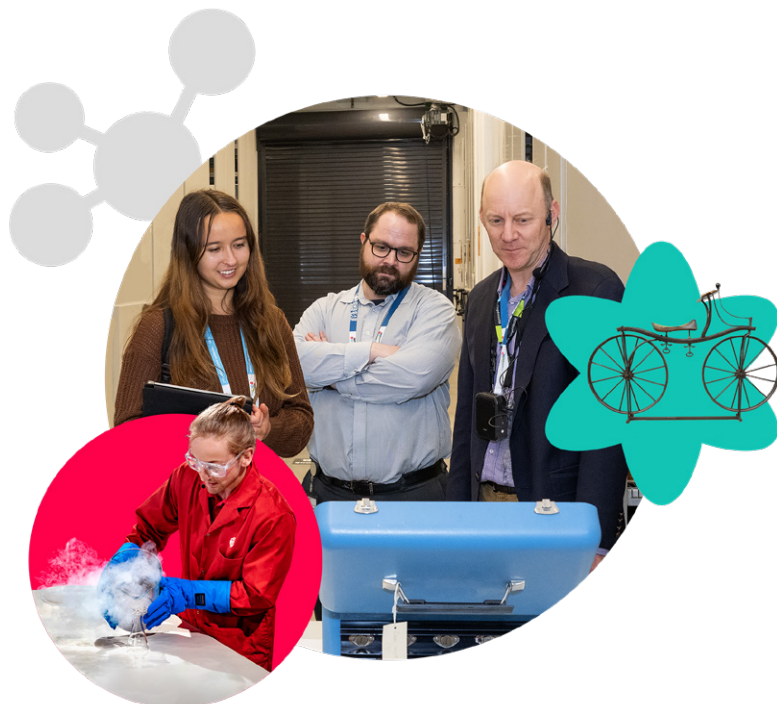

Duration: 60-90 minutes of ongoing activity

Pyro or Cryo Demonstration

Take in one of our large-scale, explosive science shows! Our interactive shows explore the chilling effects of super-cooled liquid nitrogen gas or experiment with fire-powered technology!

Price: Starting at \$250 for Pyro
Starting at \$350 for Cryo

Duration: 30 minutes

Scavenger Hunt

Turn your event into a fun-filled quest! Armed with clues and challenges, you'll explore the museum's exhibits, uncover hidden treasures, and learn fascinating facts. Team up and race to complete the hunt. Ready, set, seek – let the hunt begin!

Price: Complimentary – Entire group

Duration: Flexible timing

Bridge Building: Team Building Activity

Dive into the world of architecture and engineering as you design and construct your own bridge! Put your team's bridge to the test! How much pressure can it withstand? Find out if your creation is strong enough to outlast the competition!

Price: Starting at \$350 for 25 persons

Duration: 60-90 minutes

Chain Reactions: Team Building Activity

Think creatively and work together to build a chain-reaction machine! Using everyday materials in unexpected ways, your team will design and assemble a complex system that links different parts in this interactive team-building experience.

Price: Starting at \$350 for 25 persons

Duration: 60-90 minutes

Water Rocket: Team Building Activity

Ready for lift-off? Build your very own water rocket and blast it into the sky! This hands-on activity will have you feeling like a rocket scientist as you harness the power of air and water to launch your creation.

Price: Starting at \$350 for 25 persons

Duration: 60-90 minutes
