

Canada Agriculture and Food Museum

In the sheepfold

Name:

Date:

Solve these math problems by using objects to represent the sheep.

In each box, write your answer and include an illustration that shows how you reached the answer.

1. There are four pens in the sheepfold. Each pen contains three sheep. How many sheep are there in total? Remember to show how you reached your answer.

2. Among the sheep, there are five lambs and one ram. How many ewes are there? Remember to show how you reached your answer.

This lesson plan was produced by the Canada Agriculture and Food Museum.
